

### PRODUCT DESCRIPTION:

**DUREX CS100 CLEANING SOLUTION** is a water based cleaning solution specially designed to soften the Durex Architectural Coatings.

### USES:

**DUREX CS100 CLEANING SOLUTION** is designed to soften the architectural coating overspray and droppings to enable easy removal by washing or light scraping from metal flashings, windows and window frames.

### ADVANTAGES:

- concentrated
- ready to use
- fast acting
- handy quantities

### LIMITATIONS:

**DUREX CS100 CLEANING SOLUTION** is not recommended for use:

- on surfaces coated with water based coatings nor delicate enamel paint

- surfaces that are absorptive
- surfaces not masked off
- when ambient, material and surface temperatures are below 5°C (41°F) during application

### APPLICATION:

Thoroughly shake **DUREX CS100 CLEANING SOLUTION** before each use. Discard any material that has formed solid lumps at the bottom of the container or product that does not appear to be of a homogeneous viscosity.

Perform a preliminary test on a small area to ensure that **DUREX CS100 CLEANING SOLUTION** will not affect coatings other than what is desired to be removed.

Brush on and let stand for 20 minutes and wipe off. The product is most effective when used undiluted however it can be diluted if required.

### CLEAN-UP:

Clean all tools, containers and surfaces promptly with clean water.

### TECHNICAL DATA

#### Physical Properties:

<b>Product type:</b>	Water based chemical
<b>Appearance:</b>	Liquid like consistency
<b>Toxicity:</b>	Non-toxic
<b>Performance:</b>	Meets requirements of CGSB 31-GP278
<b>Flash Point:</b>	Non flammable
